Assignment 01

Q1 Write a Java program which would take two values through command line argument and print the sum of two values.

```java
public class common_array {

    public static void main(String[] args) {

        int sum;

        Scanner sc = new Scanner(System.in);

        System.out.println("enter first no.");

    int first = sc.nextInt();

    System.out.println("enter second no.");

    int second =  sc.nextInt();

    System.out.println("Sum is.");

    sum = first + second;

        System.err.println(" "+ sum);

    }
```
